Headwear caps off Design Night

THE PROVIDENCE JOURNAL/KRIS CRAIG

Headwear made from recycled materials was part of the fun at the RISD Museum's "Design the Night" summer evening series on Thursday. Clockwise from upper left, Barbara Dunney, of Providence, shows off her creation; Dennis DelSignore, of Providence, tries his headpiece for size; Alexandra Cellini, of Italy, takes photos of some of the creations, and Marlena Davis, of Cumberland, works on a ringed hat. Watch a video of the event at providencejournal.com.
